

# Pressure Ulcer **Mattress**

Many individuals in need of care suffer from pressure ulcers. Conventional positioning systems are either too hard or too soft for the patients, causing skin irritation to develop into pressure ulcers.

Stage 1

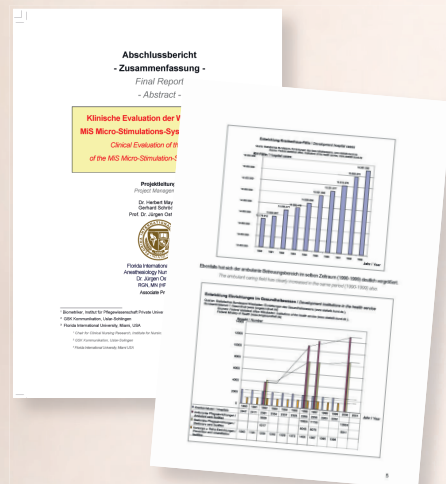

Stage 2

Stage 3

*“Actually it is very simple. Besides careful positioning of the patient, the Pressure Ulcer Mattress with MiS Micro-Stimulation® is a good way to prevent pressure ulcers.”*

Proven by studies: [www.thevo.info](http://www.thevo.info)

## Professional care with the Pressure Ulcer Mattress

- ✓ MiS Micro-Stimulation® maintains natural movement
- ✓ Pressure ulcer prevention and treatment (up to and including stage III acc. EPUAP/NPUAP)
- ✓ Pressure-relieving stimulation without electricity
- ✓ Reduced care efforts
- ✓ No maintenance

### Mattress

Special air channels in the mattress layers provide for maximum comfort and optimum ventilation of the skin.

### Wing suspensions

Supports the tiniest movements

### Flexible side element

fits every hospital or twin bed frame

### Pressure ulcer suspension

soft sensation of lying → optimum pressure relief

Optimum pressure relief is specifically tailored for each individual for maximum pressure relief

# It is your choice!
